

Elizabeth Mort, MD, MPH
Senior Vice President, Quality and Safety
Massachusetts General Hospital
Massachusetts General Physicians Organization
Boston, MA 02114

Elizabeth Mort is a practicing general internist Senior Vice President of Quality and Safety, Chief Quality Officer at the MGH and the MGPO. Dr. Mort has extensive experience in health care quality measurement, quality and safety improvement, managed care medical management strategies, pay for performance contracting and hospital operations. At MGH she oversees the Lawrence Center for Quality & Safety and is responsible for high stakes quality and safety measurement and improvement work across a broad range of initiatives. At Partners HealthCare, she chairs the Chief Quality Officers Council. Dr. Mort is nationally recognized as an expert in Quality and Safety. She conducts research and presents nationally on these topics. She has held leadership roles on regional, state and national committees. She was on the AHA panel on Healthcare Acquired Conditions. She co-chaired the Mass Medical Society's committee on the quality of medical practice. Dr. Mort has been a member of the NCQA's Women's Health Measurement Advisory Panel and the NQF Steering Committee for Additional Priorities for Acute Hospital Quality Measures among others. Dr. Mort also served on the NQF Expert Panel for Patient Reported Outcome measures, was co-chair of the NQF Expert panel on Measuring Affordability from the Patient's Perspective, and was a member of the NQF Person and Family Centered Care Steering Committee. She serves on the CMS Hospital Quality Stars Leadership Work Group. Dr. Mort has been listed in Becker's Hospital Review - 50 Experts Leading the Field of Patient Safety routinely since 2013.

Dr. Mort completed her residency in primary care internal medicine at MGH followed by a fellowship at the Department of Health Care Policy at Harvard Medical School. She received a Masters in Public Health from the University of Michigan in Health Planning and Administration and Population Planning. Dr. Mort is an Associate Professor in both the Department of Medicine and Health Care Policy at HMS and she is the course Director Applied Quality and Safety in the new HMS Masters in Health Care Quality and Safety Program.
