

**2025 Massachusetts General Hospital Biomedical Research Internship Program**

**Massachusetts General Hospital Biomedical Research Internship Program Timeline**

*The Massachusetts General Hospital Biomedical Internship Program aims to support students' early interest in biomedical research sciences by offering opportunities to conduct original investigative research and contribute to our basic and translational understanding of human health and disease. Interns will be under the close guidance of a carefully selected primary faculty lead mentor. [MGH Biomedical Research Internship](#)*

<p><b>Application Opens: Friday, November 22, 2024</b></p> <p><b>Application Closes: Monday, January 6, 2025, 5 p.m. ET</b></p>	<p>All questions listed on the application are required and help us best determine internship placements. <a href="#">Access the application on our website.</a> You will be asked to provide:</p> <ul style="list-style-type: none"> <li>• Resume/CV</li> <li>• One letter of recommendation</li> <li>• Academic transcript (unofficial accepted)</li> </ul>
