

Department of Cardiology

Development of a Committee for Diversity, Equity and Inclusion

Development of a Cardiology Committee for DEI will allow us to ensure we promote **sensitivity** and **equity** in care of a diverse population of patients from the **region** and the **world**. Given our position of leadership and role in education of leaders of the future **a strong committee** will ensure that we **fulfill our mission** of dedication to equity and inclusiveness.

CURRENT EFFORTS

- Fellowship training
- Faculty Education
- Research Mentorship
- Community Outreach and Pipeline development
- Health Equity Rounds

GOALS

- Develop DEI Toolkit to foster more inclusive leadership decisions and advance diverse leaders
- Increase recruitment and Retention of URIM fellows and Faculty
- Formalize a DEI curriculum and coordinate DEI efforts for faculty and fellows
